FOUNDER DR. NORA SHARIFF-BORDEN

Dr. Nora Shariff-Borden started Business Women On The Move For God because she loves to see young people own their greatness and learn how to walk in it on a daily basis! She wants the next generation of young people to realize their greatness and be unapologetic about it! Dr. Nora desires to teach young people how to get up when they have fallen and the importance of continuing their journey!

Business Women On The Move For God is an organization that inspires and encourages young people to follow their dreams and to be clear about their goals and how to achieve them!

Dr. Nora is also the Founder and CEO of Spiritual Touch TV, where she hosts a weekly online show, called Real Conversations With Dr. Nora, which focuses on the many issues people face daily through transparent conversations. Dr. Nora and her guests help people look at their problems as stepping stones to their greatness, and to reclaim their authentic selves, and overcome obstacles to navigate through life successfully. Most importantly, the interviewees have a good time! She is a passionate writer and is the author of 11 books.

Dr. Nora believes her gift from God allows her to connect with all people and ages. She believes that if you can touch a person's heart, they will do all they can to support you. Dr. Nora's goal is to teach young people that their words have the power to change their lives. She also believes that she can help them paint a picture of what they want their life to look like, so that when it appears, all they have to do is step into it.

In March 2022, she was bestowed an Honorary Doctorate Degree from Trinity International University of Ambassadors (TIUA). On Dec 3rd, 2022, she received the Presidential Lifetime Achievement Award.

Also, in February of 2023, in honor of Black History Month, Dr. Nora was awarded The Presidential Legacy Lifetime Achievement Award from Trinity International University of Ambassadors in honor of our 44th President, Barack Obama.

Dr. Nora is a woman with a serious mission who believes that if she meets the true needs of young people with total sincerity and commitment to serve, as God has called her to do, her work will not be in vain.

Her outcome and projection for the future of BWOTMFG is to establish a \$10,000 scholarship program for young people who major in TV Media and business! Dr. Nora is excited about this project, Teen TV Media. At Teen TV Media, she aims to empower young minds to become creative and conscious media creators. Dr. Nora strives to provide a platform where teenagers can develop their storytelling skills and create four documentaries per quarter. She wants them to foster critical thinking and cultivate a sense of responsibility in the content they produce.
